

Children and Infants

There are 3 fields on the booking form for occupants that are often labelled – 'Adults', 'Children' and 'Infants'. These are just labels that could be changed to 'Dogs', 'Cats' and 'Mice'. Many properties turn off the labels for Children and Infants and change the label for Adults to Guests.

- **Adults age(years old)** – Enter the Age cutoff to determine if the guest is to be costed as an adult or a child/infant
- **Children Allowed** – Set this to No if you do not differentiate rates for adults and children. In fact, Children probably are allowed; this will simply turn off the box on the booking form asking how many Children.
- **Infants Allowed** – same as above; tick this box if you do not differentiate rates for adults and Infants. In fact, Infants probably are allowed; this will simply turn off the box on the booking form asking how many Infants.
