

General

- **Do not use Multi Lingual Engine** – Tick this box if you want to turn off the multi lingual functionality of the booking engine.
- **Round Bookings to Whole Number** – tick this box to round bookings
- **System Theme Color** - Changes the background colors of the Enquiry screens used by guests to make bookings. Select from the picker or place in your HEX values.
- **Maximum Book Ahead days** - Place a value in this box to allow guest to book x number of days in the future – note, this does not affect GDS and Global Booking Network sites, they can always book 365 days in advance, so place rates for at least these many days if distributing to them.
