

Self Setup | Update Availability

Before you start actively taking and managing bookings or selling rooms online through your website, it is important to make sure that your availability is up-to-date.

To update availability in MyPMS, enter all of your future Guest bookings, Group Bookings and Out of Order Rooms.

Once all of your availability is updated and correct, you can then start taking new bookings.

To get started watch the short Introduction video and follow the step-by-step instructions below.
