STEP 2: Complete Mapping and Activate Connection (to be completed by BookingCenter)

BookingCenter will create a new Agent Channel - BKGDIR which will appear in Agent Relationships. See [Booking.com | Agent Allocations](#)

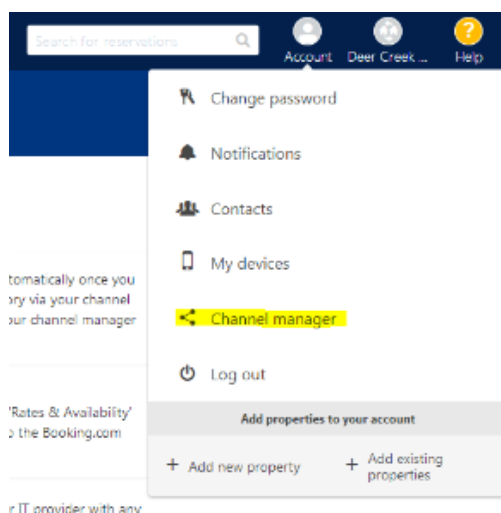

We will complete mapping in the BKGDIR Channel based on the Room Types and Rates mapped in your [Booking.com](#) Extranet. Please be sure that these are correct in your [Booking.com](#) Extranet.

1. While we are completing the mapping, you can check the status of the connection request in the [Booking.com](#) extranet under the "Channel Manager" link.
2. Once mapping is complete, BookingCenter will confirm the connection and you will receive an email notification to activate the connection. See Step 5.

You will receive email notification that the connection has been confirmed and given instructions on how to activate the XML connection. If you do not receive the email, you can still activate the connection by completing these steps:

1. To activate the connection, Go to "Account", in the top right-hand corner, click on "Channel Manager".
2. In Step 4 - Confirm, click the blue button "I Confirm the connection with provider BookingCenter" to activate the XML connection.
