

Self Check-in | MyBooking

BookingCenter's **Self Check-in System** lets the Guest update details, payment methods, view policies, digitally sign documents and complete check-in from any device (tablet, PC, mobile, etc). The process is fully integrated with MyPMS with synchronized status updates, customized messaging, [eSign - Digital Document Signing](#) and optional SMS Messaging ([subscription required](#)).

The Self Check-in function is completed in **MyBooking**, our secure guest portal allowing the guest to view and update booking details and complete self check-in. Access to MyBooking is enabled for each booking in MyPMS and is seamlessly integrated with BookingCenter Customized Letters.

To give the Guest access to MyBooking, the Guest is sent a customized "**Start Self Check-in**" Letter (email and/or SMS) with a secure link to MyBooking. The secure link (called an RUID) is emailed/SMS to the Guest for each unique Booking and displays the details specific to that particular booking(s). If a Guest has a multi-room booking, then all of the bookings they made *at the same time* (for example, 3 rooms booked on your website or 4 rooms booked at Booking.com) will all display when the self check-in links are clicked from any of the bookings. This gives the Guests the ability to view the details and check-in each booking in one place as opposed to having to login multiple times, one for each booking.

If the Guest clicks on the Self Check-in link **BEFORE** the Check-in date, then the Guest will be able to Manage the Booking, but the Check-in button will not display. To learn more about how the Self Check-in process works, see [Self Check-in | Setup Process](#) and to see the criteria used for enabling a Self Check-in, see [Self Check-in | Booking Criteria](#).

When a Guest clicks on the Self Check-in link and logs in to MyBooking, they can:

1. Complete Self Check-in (assuming all [criteria](#) are satisfied) **ON** Arrival Date. The Self Check-in process is designed to only allow the guest to start and complete Self Check-in **ON** the Check-in Date and **AFTER** the Arrival Time. The Guest will only see the Check-in button and be allowed to complete the process if all [criteria](#) have been met, similar to the check-in process in MyPMS. If the [Booking criteria](#) has not been met, then the a message will display telling the guest what action to take i.e. Add Payment Method.
2. Manage Booking (**Before** and **On** Arrival Date)
 - View and edit basic Guest Details
 - Add or update the payment method, email, print or add to a calendar Booking Details of upcoming bookings.
 - View Policies, Terms and Conditions
 - Email or Print Check-in Details, Receipt and Digitally Signed Documents
 - Cancel the booking

All changes made by the guest are automatically updated to MyPMS. When a guest cancels a booking in MyBooking, the booking will update in MyPMS and the status will change to Cancelled. Also, a [MyGuest](#) request will be made to alert staff that the cancellation has occurred so appropriate cancellation policy actions can be followed. Likewise, any changes made to Guest Details is automatically updated to the Guest Booking Information in MyPMS.

MyBooking - Top Header will always the following Booking information

- Guest Name and Confirmation #
- Arrival Departure Dates
- Room Type
- Room
- Detailed Daily Room and Rate breakdown.
 - **Number of Rooms Booked**
 - If the Guest has only one room booked, then only the booking details will display for that particular booking..
 - If the Guest has a multi-room booking, then ALL of the bookings under that Guest Name for check-in that day will display. The Guest can click on each booking to view and update details.

Below is a step-by-step User Guide for the Self Check-in - MyBooking.

Depending on date of login and the status of the booking the criteria met in MyPMS, a message will display directing the Guest on what to do next or the "Check-in" button will display allowing the guest to check-in. Read below for a detailed description of what happens when a guest logs in to MyBooking.

Date of Login

- If the Guest logs in **BEFORE the Arrival date**, then the guest will only be able to use MyBooking to update Booking Details and Payment Method, View Correspondence and Policies and Cancel the Booking. The "Check-in" button will not display to the Guest before the Arrival Date.
 - This message will display to Guest "*We are looking forward to your upcoming stay. Please check back on your check-in date to complete Self Check-in. To review or update booking details, use the links below.*"

Williams Jane - Confirmation #: 160502 Choose Language: English, US

Arrival Date: 30-MAY-2019 Room Type: Standard Two Single
 Departure Date: 01-JUN-2019 Room: 1111

We are looking forward to your upcoming stay. Please check back on your check-in date to complete Self Check-in. To review or update booking details, use the links below.
