

Channel Manager Documentation

Welcome to the Online Documentation home for the Channel Manager (Management Tool), our channel management system that manages content (images, policies, amenities, etc), bookings, rate, and availability in the channels BookingCenter distributes to.

Here you will find information on how to set up, configure, manage and optimize your BookingCenter system as well as Release Notes and a complete User Manual.

For a complete step-by-step guide to Channel Manager, go to [Channel Manager User Manual](#).
