

# PMS Tab

The PMS Tab contains sections pertaining to certain areas of MyPMS system setup. This includes Users, PMS Setup and Control settings.

The Users and Setup are the most commonly used sections. The Setup area contains settings for customizing certain areas of MyPMS such as the Tape Chart, Night Audit Settings, Session timeout.

An overview of the sections in the PMS Tab is as follows:

**Users:** Add Users, make users inactive and unlock users. See [Users: Add, Edit or Unlock](#)

**Control**

**Setup**

**IP Filtering**

**ISIS/Aerius**

**Automated Reports**

**Automated Door Locks**

**EMV Devices**
