

# GDS Profile - Property

The Property section highlights four key marketing concepts that can assist the positioning of your property on the GDS.

The screenshot shows the 'Setup' interface for 'Property Info' with a red header bar. Below the header are 'Save', 'Delete', and 'Descriptions' buttons. The main content area is titled 'Descriptions' with a subtitle 'Free form text about area, amenities, policies, etc.'. On the left is a navigation tree with categories: Area Information (Area Attractions, Corporate Locations, Location), Dining & Entertainment, Meetings & Events, Miscellaneous Info, Personnel, Policies, Property, Services & Amenities, and Travel Details. On the right is a 'Default Description Text' field containing the text: 'Monteverdi is located in Castiglioncello del Trinoro almost equidistant between Rome and Florence.'

The four key sections include:

- Descriptions
- Local Policies
- Property Summary
- Transportation Setup
