

MyGuest | Management

S

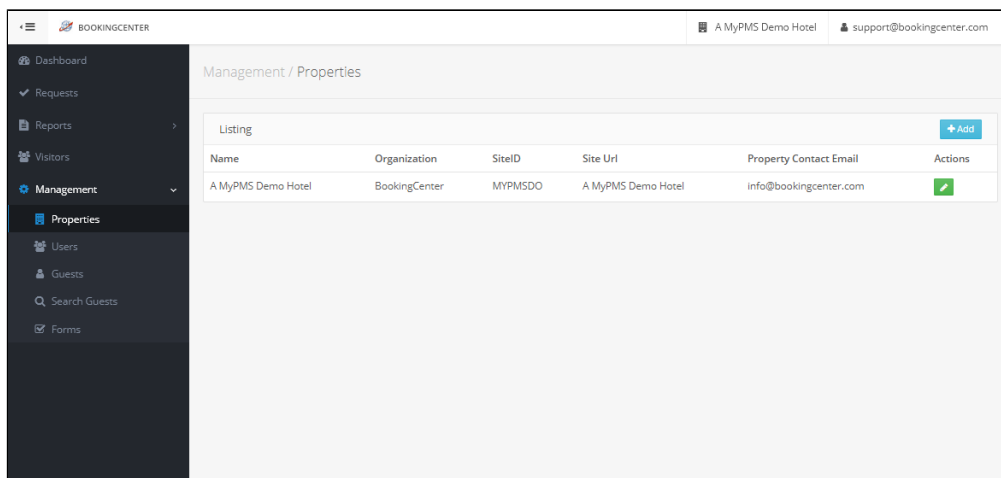

The Management Section is available to Users with "Manager" level access. The Management section allows Managers to manage and edit Users, Guest Records and Forms.

The Management Section contains the following sections.

- **Properties:** Displays a list of the properties associated with your login. If you only have one property, then only one will display.
- **Users:** Displays a list of Users with email address, role and edit function. You can also add users here.
- **Guests:** Displays a list of Guest Records with details and number of requests.
- **Search Guests:** Search by guest name, email or phone.
- **Forms:** Displays a list of forms used for Requests on your MyGuest site.
- **Text** to be used when a request is entered via an interface.

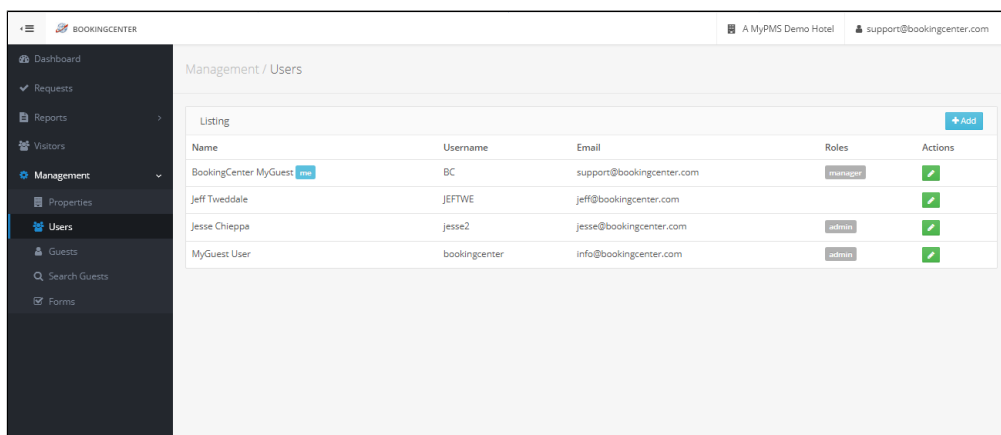

Properties: Displays a list of the properties associated with your login. If you only have one property, then only one will display.

A screenshot of the MyGuest web application interface. The left sidebar shows a navigation menu with options: Dashboard, Requests, Reports, Visitors, Management (selected), Properties, Users, Guests, Search Guests, and Forms. The main content area is titled "Management / Properties" and displays a table with one row of data. The table has columns: Name, Organization, SiteID, Site Url, Property Contact Email, and Actions. The data row shows "A MyPMS Demo Hotel" with organization "BookingCenter", SiteID "MYPMSDO", Site Url "A MyPMS Demo Hotel", and Property Contact Email "info@bookingcenter.com". There is an "Add" button in the top right corner of the table.

Name	Organization	SiteID	Site Url	Property Contact Email	Actions
A MyPMS Demo Hotel	BookingCenter	MYPMSDO	A MyPMS Demo Hotel	info@bookingcenter.com

Users: Displays a list of Users with email address, role and edit function. Users must be added via the MyPMS Users area and assigned Users to MyGuest: Yes in order to login.

A screenshot of the MyGuest web application interface showing the "Management / Users" section. The left sidebar is the same as the previous screenshot, but "Users" is now selected. The main content area displays a table with columns: Name, Username, Email, Roles, and Actions. There are four rows of data. The first row is "BookingCenter MyGuest" with username "BC" and email "support@bookingcenter.com", role "manager". The second row is "Jeff Tweddale" with username "JEFTWE" and email "jeff@bookingcenter.com", role "admin". The third row is "Jesse Chieppa" with username "jesse2" and email "jesse@bookingcenter.com", role "admin". The fourth row is "MyGuest User" with username "bookingcenter" and email "info@bookingcenter.com", role "admin". Each row has an "edit" icon in the Actions column. There is an "Add" button in the top right corner of the table.

Name	Username	Email	Roles	Actions
BookingCenter MyGuest	BC	support@bookingcenter.com	manager	
Jeff Tweddale	JEFTWE	jeff@bookingcenter.com	admin	
Jesse Chieppa	jesse2	jesse@bookingcenter.com	admin	
MyGuest User	bookingcenter	info@bookingcenter.com	admin	

Guests: Displays a list of Guest Records with details and number of requests.

Search Cancel		

Search Guests: Search by guest name, email or phone. The "Search Guest Results" will display the following information. For details, see [MyGuest | SEARCH Guests](#)

- **Name:** Name of Guest
- **Email:** Guest email associated with Guest Request. If the Guest used different email addresses under the same Name, all records will display here
- **Phone:** Phone number of Guest if entered. Click "Edit Guest" to enter a phone number.
- **Requests:** Displays the number of Requests submitted by the Guest. Click on the number displayed to see the details of each Request.
- **Edit Guest:** Click this icon to edit the Guest Details.

Forms: Displays a list of forms used for Requests on your MyGuest site.
