Parameters Tab

The Parameters Tab in Setup contains the items you will use for inventory, payments, custom letters, guest categories and other settings. Go to **SETUP | PARAMETERS** to access and manage this information. The default view of the Parameters Tab is Sources which will appear as a list with all of the Sources of your Guest Bookings. See Sources

In the Parameters Tab you can:

- Set up Payment Types in Receipt Types
- Categorize your Guests and Bookings with Guest Types and Sources
- Add Inventory Items to use in Add Charge and Packages
- Create Custom Letters
- Set up Automatic Letters
