

# Notification of Bookings

**Send notification of website bookings** - Tick this box to receive e-mail notification of bookings. **(Highly recommended)**.

**Do not send booking confirmation to guests** - Tick this box if you prefer to send manually generated confirmations to guests.

Remember every new booking will debit availability for future bookings. In addition, the system can send the property notification of bookings by e-mail or SMS. You also have the option to send an automated booking confirmation to the guest.
