Booking Header

Every Booking contains a Header element that is present on all tabs of the booking. Displays summary of Booking Details and projected income, folio balance.

Guest Information:

Guest Information remains with the Guest Record. If it is a return guest with data already in the system, then the name will auto fill after entering the first 3 characters. The rest of the guest details will also auto populate. If you make changes to this information and save it, the Guest Data Record will automatically be updated.

Note: if you wish to use the same guest information, but only change a part of the Guest Information then click Reset Guest I.D. to create a new Guest Record.

Booking Information

The booking details can be edited in the Edit Tab of the Booking. Make changes to Group, Source, Travel Agent, Company, Comments and payment information here. Click SAVE to record your changes.

Manage Credit Cards

Click here to enter Credit Card information and view credit card transactions. A new window will open.
