Geography

- **(GDS)** Neighborhood: enter a commonly known neighbourhood your property is located within, such as the SoHo District of New York, or Russian Hill in San Francisco.
- **(GDS)** Latitude and Longitude – if you buy the option to upload your property to the Global Booking systems, then you must enter your town's Latitude and Longitude. This will indicate you location, which is used to create a list of Airports in Parameters. Try this website if you don't know your location details - http://life.csu.edu.au/geo/findlatlong.html

Tip: Use decimal place lat and long

- **(GDS)** Neighborhood: enter a commonly known neighbourhood your property is located within, such as the SoHo District of New York, or Russian Hill in San Francisco.
