

# Online Agent Networks

You may also establish your own Online Agent Network after you have entered each agent into the system you can assign them specific URLs for making online bookings directly to your property. Each Online Agent is given a specific code that attributes the booking to them.

? Provide the Agent with a URL conforming to the following scheme (substitute the text in italics with your Site ID and the Agent ID you have created for a particular agent): <http://requests.bookingcenter.com/enquiry.phtml?site=SiteID&agent=AgentID>.
