Agent Allocations Allocating rooms to specific agents is covered earlier in the Manuel (See "Setting Up Agents" on page lvi)

1. Click on the Agents button on the Home window. The Agents window will be displayed.
2. Find the Agent for whom you wish to view or make room allocations.
3. Click the 'Allocate' button.
4. The Agent Room Allocations window is displayed showing which rooms are allocated to the particular agent, the rate, and the percentage and number of those rooms allocated.
Note If you would like to automatically allocate 100% of each room type to a particular agent, click the 'Check button to do so. By allocating rooms to an agent, the rooms are still available go be booked by you or other agents. The room allocations are not exclusive.
5. Create a new room allocation, edit an existing one, or delete one by clicking the appropriate buttons
Tip Properties that develop direct relationships using the Agent Allocation feature to fulfill contracted rates and availability allocations through the Central Reservation System tenable bookings 24 hours a day for their Agents. This often make good business sense, as it makes it easier for Agents to work direct with your inventory. See <http://www.bookingcenter.com/demo/html/agents.html> to learn how to use this to your advantage.
