

# MyGuest | SEARCH Request

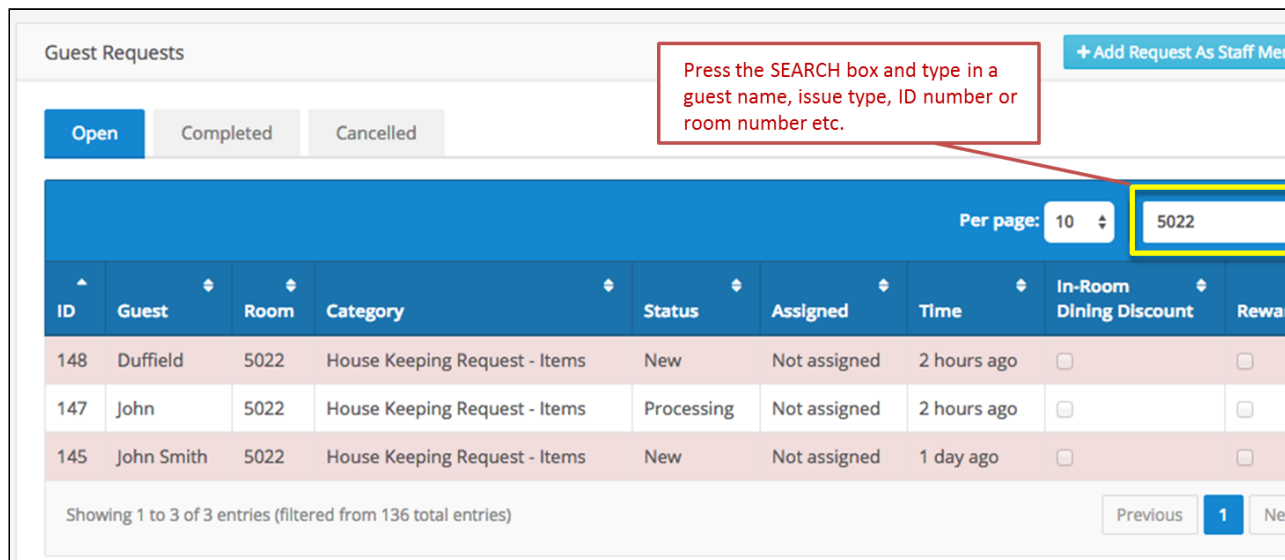

When a Guest Request has been fulfilled, you can set the request to status COMPLETED.

This will move the request into the COMPLETED tab of the Requests List.

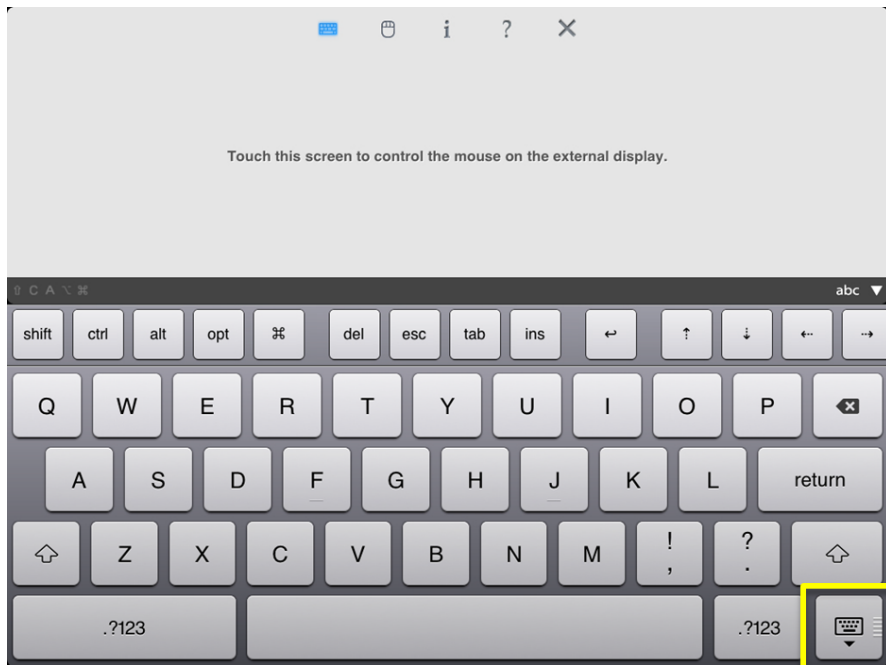

To search for a Guest Request, follow these steps:

On the Requests screen press the SEARCH box and type in a guest name, issue type, ID number or room number etc.

A screenshot of the "Guest Requests" interface. At the top, there's a header with "Guest Requests" and a button "+ Add Request As Staff Member". Below the header are three tabs: "Open", "Completed", and "Cancelled". A red callout box points to a search bar with the text "Press the SEARCH box and type in a guest name, issue type, ID number or room number etc.". The search bar contains the text "5022". Below the search bar is a table with columns: ID, Guest, Room, Category, Status, Assigned, Time, In-Room Dining Discount, and Reward. The table shows three entries. At the bottom, there's a pagination bar showing "Showing 1 to 3 of 3 entries (filtered from 136 total entries)" and buttons for "Previous", "1", and "Next".
