

GDS Profile - Local Policies

Local Policies contain information used by the Portal to populate the text policy fields in the GDS databases, as well as critical information for Hotel Descriptive Data.

Note: Only alphanumeric character, spaces, dashes, forward slashes (/), semi-colons, periods (decimals), and asterisks are allowed in the free text boxes

Enter information that travel agents can use to sell your hotel to their clients.

- Field designated as Informational display only contain non-binding data, and are used by travel professionals to consider the general extra charges for your hotel.
- These fields:
 - Should display the most common amount the hotel assesses for the charges.
 - In most cases, display in the GDS hotel descriptive data.
