# GDS Profile - Descriptions

The Descriptions section enables you to provide general information about your property, including services and amenities, details about on-site facilities, hotel policies, dining and entertainment information, and more.

Each description box allows free-text format. The following punctuation/symbols can be used in all channels: spaces, dashes (-), and periods (.).

- Located at: Setup > Data Management > Descriptions
- This section allows you to specify key property descriptions. This includes:
    - Facilities
    - Location
    - Property Description Short/Seamless
    - Property Description Typical
    - Recreation
    - Room Amenities
    - Services
    - Note there are character limitations for each of these sections.
