

Booking Engine | Rate Plans

The "Select Room" page of the Booking Engine displays the Rates available for that Room Type. There are two options for displaying rate plans depending on how you want to offer your units and how many rate plans you offer. One option is "Single Rate Plans" using Booking Engine Template 01 and 03, the other is "Multiple Rate Plans" using Booking Engine Templates 02 and 04. For details on how to use and setup each Booking Engine Template, See [Website Code](#)

NOTE: For either option the Rate Plans must be allocated to Channel BC in the Setup Area to display. To add or change Rate Plans allocated to the Room Type, see [Room Type and Rate Plan Allocations](#)

All [Booking Engine Templates](#) offer the ability to customize the **Rate Plan name** and **Guest Selection** (Adults and/or children).

If you are using a "Multiple Rates" [Booking Engine \(02 and 04\)](#), then each Room Type listed has a "Show Rates" button which, when clicked, will expand to display all of the Rate Plans for the Room Type.

Package Rate Plans

- Any Package Rate can be made available for any Room Type by allocating the Rate Plan to the Booking Engine Channel in Agent Relationships. See [Room Type and Rate Plan Allocations](#)
- All Package Rates display with a star icon and a "View Package Details" Link. See [Booking Engine | Inventory Items and Packages](#).
